Parting travels with invisible tears
Originates soulful music
Inflatable with foot prints of brooding nostalgia
Besides the shadows of last glances
With packing clothes...
Not the straggling and pestering thoughts
Feel the tapping sound in the murmuring air
There is desperate hope in the windows of eyes
But with distant memory rides
Leaving the scare with care
Sometimes...
Echoing with an ego...
Feeling through trampled desire
Prolonged with a cherished journey
Barren heart filled with
Loads of happiness and blast of surprises
Numerous events depict the numbness of actions
Not just a passer-by
Passed the veins of emotion
Virgin heart filled with untold tales
My foot steps ahead...
My memories back!!!
Parting is not final destination
Millions of good bye
Cherished journey
Billions of rapturous memories
